

# **Meeting Summary**

## **London Wildlife Sites Board (LWSB)**

### **8<sup>th</sup> December 2025**

*Full meeting minutes are available on request.*

#### **1. Clarifications on previous meeting minutes**

No comments or questions were raised over the previous meeting minutes.

#### **2. LB Bromley SINC Review**

The Board reviewed Bromley's SINC survey and provided recommendations, including submitting data to Greenspace Information for Greater London CIC (GiGL) and providing more information on the site selection process and consultation. Overall, the Board were happy that the process followed the 2019 advice note.

#### **3. LB Hammersmith and Fulham SINC review**

After going through the process of public consultation, an update was submitted to the Board following the full review in June 2024. The Board were supportive of the updates and format of the consultation, as well as the recommendations carried forward.

#### **4. SINC Criteria Review updates**

An update was given on Mott MacDonald's progress incorporating Board feedback into their report testing recommendations from the Greater London Authorities (GLA)'s SINC review project. The current 2019 advice note is still valid and should be followed until the new advice note is published by the GLA.

#### **5. National Wildlife Trust (WT) LWS project update**

In partnership with Natural England, the WT are reviewing the status of LWS to help ensure contribute to 30by30 targets. An update on Phase 2 was given to the Board.

#### **6. LB Southwark questions for Board members**

Questions arising from Southwark's ongoing SINC review were discussed. Advice on the SINC review process was given, and it was recommended that private landowners be consulted as soon as possible within the SINC review timeline.

#### **7. AoB**

The Board want to thank Francis Castro for his great leadership as Chair of the LWSB as he hands over to Sarah Smith.

The next LWSB meeting will be held in March 2026.
